From

**Prakash Chandra Mohanty, OAS(SAG)  
Additional Secretary to Govt.**

To

**All Deputy Directors (P & S), DPMUs**

Sub:- **Execution of Block level projects sanctioned under CM-SA, 2025 & onwards**

Ref: **This Deptt. Memo No.-18032 dtd.-23.12.2025 addressed to all collectors**

Madam/Sir

In inviting a reference to the subject cited above, I am to say that the re-vamped CM-SA Web Portal has been integrated with iFMS for automated work and fund flow and it has already been directed to execute the projects (District Sanction Order to vendor payment etc) sanctioned under CM-SA, 2025-26 fund and onwards through this portal, only.

Procedures like District project sanction order, A/A & T/S, project approval, work orders, supervision, monitoring, Actual expenditure, three stages Geo-tagged photos, UC Generations etc. will be carried out through this web portal within the stipulated time, and the progress of projects can be tracked at every level. The portal is already integrated with PPMS for execution of Block level projects where the sanctioned projects may be routed through PPMS (**for execution by Block**) and desired information like Case record, Work Order, Geo-tagged Photos, Expenditure, UCs shall be fetched in the portal by data syncing. Similarly, WAMIS integration is being done for execution of projects under line Depts. and some ULBs. Besides, our portal is also facilitated with all such features for execution of CM-SA Projects by Executing Agencies not having PPMS/WAMIS application.

Therefore, you are requested to insist appropriately to officials at Executing Agency Level (Blocks/ULBs/Line Deptts/ITDAs) to execute the projects through respective integrated platforms.

Yours faithfully,

**Additional Secretary to Govt.**
